9.1.2 TREASURY MANAGEMENT REVIEW
B2237
Mr Lague spoke to the Report.

MOVED Cr Johnstone that the report on Council’s 2019 Treasury Management activities be received and noted.
Seconded Cr Angas CARRIED 2019-20/21

PURPOSE
Pursuant to Section 140 of the Local Government Act 1999, and in accordance with Council’s Treasury Management Policy, Council must undertake an annual performance review of its Treasury Management activities.

REPORT
The key principles within Council’s Treasury Management Policy are as follows:

Council will:

• Maintain target ranges for its Net Financial Liabilities ratio;
• Generally only borrow funds when it needs cash and not specifically for particular projects;
• Not retain and quarantine money for particular future purposes unless required by legislation or agreement with other parties;
• Apply any funds that are not immediately required to meet approved expenditure (including funds that are required to be expended for specific purposes but are not required to be kept in separate bank accounts) to reduce its level of borrowings or to defer and/or reduce the level of new borrowings that would otherwise be required.

Comments regarding the 2019 performance with regard to the above principles are outlined below:

Net Financial Liabilities Ratio
Council’s policy regarding its net financial liabilities is that they shall not exceed 100% of total operating revenue (adopted February 2010).

As at 30 June 2019, Council’s net financial liabilities represented 10% of total operating revenue, and it is projected to increase to 32% as at 30 June 2020 (as per Mid-year Budget Review as at 31 December 2019). Accordingly, Council is currently operating within its policy threshold.

Loan Borrowings
Council’s policy relative to loan borrowings states that the use of internal reserves be considered prior to consideration of external loan borrowings. The total variable borrowings for Nuriootpa Centennial Park Authority are currently $1,160,000. No new fixed debenture loans were borrowed by Council in 2019.

The use of internal cash reserves has continued to be used in funding Council’s capital works programs and has subsequently minimised the net interest cost to Council.

A summary of the fixed interest rate borrowings provided through the Local Government Finance Authority are shown below:

Council Funded Loans
Council has approved external loans not included in the Debenture Loan Summary table that have been paid from Council funds. Two existing loans are in place:

1) Barossa Valley Machinery Preservation Society Inc
2) Nuriootpa Centennial Park Authority (NCPA). The current adopted long term financial plan (LTFP) includes a $130k repayment in June 2020 and the loan is to be fully repaid during 2025/26. The NCPA loan repayment schedule is subject to an annual review of their LTFP, checking the operational and capital expenditure, cash flow requirements and the financial sustainability of the business. The NCPA loan is charged at the current cash advance loan interest rate. The Council Funded loan summary is shown in the following table:

9.1.3 2020/21 Audit Committee Budget

Mr Lague spoke to the report and answered questions from the Members.

Noted in relation to any requirement for Consultant fees, Mr McCarthy advised that the Change Program is currently providing an efficiency and effectiveness reform function, as detailed reviews of services and processes are being undertaken in the Program. An update report on the Change Program will be provided to the next meeting.

Moved Mr Swan that for the 2020/21 Draft Audit Committee budget, the Audit Committee recommend Council:
1. Include an amount for Training of $1,000 and Nil for Consultants;
2. Consider and approves the other budgets listed in this report during the budget processes.

Seconded Cr Johnstone Carried 2019-20/22

Purpose
To consider a draft 2020/21 budget for the Audit Committee’s operations.

Report
The budget for 2020/21 is being prepared by completing the base budget for activities that are externally and internally required by the Audit Committee.

In the Audit Committee budget, two items that require review are Consultant and Training/Seminar expenditure.

In the past, consultants have been used to undertake reviews and compliance checks for taxation and accounting, along with purchase and implementation of the internal control tracking tool. The training budget has previously been used by independent members to attend LGA programs.

A proposed 2020/21 budget to support the operations of the Audit Committee is outlined in the following table:

Local Government (Financial Management) Regulations 2011 - Reg 9(1)(b)

LGA Information paper no. 25 – Monitoring Council Budget Performance

**FINANCIAL, RESOURCE AND RISK MANAGEMENT CONSIDERATIONS**

**Financial**

Funding to support the operations of the Audit Committee is required to ensure resources are adequate to undertake this vital role within Council and is included in the annual budget.

As part of the draft Budget 2020/21, Council has approved budget process where costs should be reviewed with actual $ required for that ongoing service provision. Selected costs are increased by indexation where agreements, contracts, EBA, licensing, arranged service charges, etc. provide for that option, along with costs outside of our control, can be increased where the service provider(s) initiate increases, ie fuel, postages.

The Independent Members - Sitting Fee is not subject to agreement or contract but should ensure Council can attract and retain qualified and experienced people and receive value for service provision. It is recommended that Council increase the fee by the CPI for Adelaide, September 2019 being 1.9% (December 2019 at 2.1%), rounded to the nearest $5. In 2019/20, the sitting fee for the Chairperson is $575 and Independent Members is $370. The proposed amount for 2020/21 financial year is $585 and $380 respectively. The Sitting Fee will be included in the draft 2020/21 budget to be considered and approved by Council.
COMMUNITY CONSULTATION
Public Consultation will be included as part of the draft 2020/21 Budget/Business Plan consultation and adoption process.

9.1.4
REVIEW DRAFT BUDGET 2020/21 AND ANNUAL REVIEW LONG TERM FINANCIAL PLAN INDEXATION AND ASSUMPTIONS
Mr Lague spoke to the Report.

MOVED Mr Swan that the Audit Committee notes the indexation and assumptions for the Annual Budget & Business Plan 2020/21 and Long Term Financial Plan 2020/21 to 2029/30.
Seconded Cr Angas
CARRIED 2019-20/23

PURPOSE
As per the 2020/21 Annual Budget/Business Plan timetable endorsed by Council in January 2020, the Audit Committee needs to receive and can provide comment on the indexation and assumptions for the Annual Budget & Business Plan (AB&BP) 2020/21 and Long Term Financial Plan (LTFP) 2020/21 to 2029/30.

REPORT
Overview
The review of indexing and assumptions for the Annual Budget & Business Plan 2020/21 and Long Term Financial Plan (LTFP) 2020/21 to 2029/30 has been considered by Council at the information briefing Workshop on 27 January 2020. This process enables Council to take a long term view and ‘set the big picture’ before starting the annual budget process.

Key Assumptions and Enhancements
Each annual review process provides an opportunity to introduce new assumptions or enhance the information base as required, using the existing indexation and assumptions.

The main assumptions and indexation being considered during this early stage of budget preparation is the income and expenditure indexation. As included in the presentation paper, Council reviews the proposed rate increase and the indexation application to operational expenditure.

The LGPI (Local Government Price Index) is used as a base for the plan(s) and considering local needs and requirements to meet service levels, including external influences such as service contracts where fuel prices and employment costs may vary the service cost. The Local Government Price Index (LGPI) increase for 12 months to 30 September 2019 was 1.9% (noting the Adelaide CPI for the 31 December 2019 period was 2.1%).

As the cost indexation has been reducing from previous adopted Long Term Financial Plans, Council will reconsider the cost of delivering services and any changes to the level of service to ensure income or charges for the services are appropriate. The following indexation is sourced from the adopted LTFP.

Income
Rate increases to fund and ensure service level provision is maintained in line with revised sustainability requirements.

Both the residential and non-residential rate revenue (excluding growth) were budgeted to increase at 2.25% in 2020/21 to 2022/23, and the years following 2023/24 to 2028/29 at 2.50% per annum plus growth at 1%
Due to the State Government waste disposal levy, a review of the service charge for 2020/21 will be required to ensure the cost recovery is currently adequate. The adopted Waste Service Rate Revenue indexation rate in the LTFP last year was budgeted to increase at:

<table>
<thead>
<tr>
<th>Year</th>
<th>Indexation Rate</th>

</thead>
<tbody>
<tr>
<td>2020/21</td>
<td>6.50%</td>
</tr>
<tr>

<td>2.25%</td>
</tr>
<tr>
<td>2025/26 to 2028/29</td>
<td>2.50%</td>
</tr>
</tbody>
</table>

The adopted Community Wastewater Management Systems Service Rate Revenue (excluding growth) indexation rates in the LTFP from last year was budgeted to increase at 2.25% for 2020/21 to 2025/26 and from 2.00% to 2.25% for the remaining years. An ongoing review of the service charge is underway for requirements from ESCOSA, including the cost of Capital and Risk, along with internal review of executive, administration and governance operating costs.

Other income indexation has a base increase of 2.0%.

**Expenditure**

Operating expenditure indexation will be assessed individually for internal and external factors as follows:

- employee costs adopted LTFP indexation is at 2.25% from 2020/21 to 2022/23 and at 2.50% from 2023/24 to 2028/29. The ASU enterprise bargaining agreement approved November 2019 increases salary costs at 2.0% from 2020/21 and 2021/22.

- contractors and materials will be reviewed to meet service requirements, using the 2019/20 budget and last two previous years actual costs as a base for the 2020/21 year draft budget (the adopted LTFP for 2020/21 was at 2.10%, from 2021/22 to 2022/23 at 2.25% and from 2023/24 to 2028/29 at 2.50%);

- selected costs are increased by indexation where agreements, contracts, licensing, arranged service charges, etc provide for that option, along with costs outside of our control; these will be considered where the service provider(s) initiate increases, ie fuel, postage;

- other operating costs have been isolated as increases to these are unique, eg. power - 2.50%, water and insurance – from 2020/21 to 2022/23 at 2.10% and from 2023/24 to 2028/29 at 2.5%, plus changes to service provision, ie. increased number of services provided (eg. number of waste collection(s)) or usage (eg. water usage at parks and gardens). All indexation quoted is from the adopted LTFP, to be reviewed.

Long term plans for Capital expenditure will be reassessed, ensuring funding is allocated for renewal and replacement assets along with an allowance for new discretionary projects.

Update reports on the Waste Management Services Contract and the dump remediation site at Angaston will be provided to the next meeting.

MOVED Cr Johnstone that the Audit Committee receives and notes The Barossa Council Quarter 2 – 2019/20 Performance & Activity Report.
Seconded Mr Swan CARRIED 2019-20/24

PURPOSE

REPORT
Background
Since November 2016, Council and the Audit Committee has been presented with Quarterly Performance Reports on measures adopted within the Corporate Plan.

Introduction
The Barossa Council Quarter 2 – 2019/20 Performance & Activity Report provides performance results against Corporate Plan measures as at 31 December 2019. The report also includes a suite of activity measures, providing a snapshot of activity undertaken over the quarter in the delivery of key internal and external Council services under each Community Plan Theme.

Discussion
In an effort to improve the relevance and currency of information shared within Quarterly Performance Reports, a new approach has been developed to only report on Annual Measures within Quarter 4 and 1 reports at which time provisional and final annual figures are available. This change will result in more streamlined reports at the Quarter 2 and 3 intervals where only those measures featuring quarterly data and the ongoing activity snapshots will be presented.
An appendix has been added to the end of the attached report providing an overview of the total suite of performance measures and the frequency that they are reported on.

In addition to the above, as part of ongoing continuous improvement activity officers are continuing to refine counting rules and formulas for the extraction and analysis of data, which may result in the revision of previously reported results where the data has been refined or cleansed. Where this is the case, the report will include a disclaimer regarding the nature of any changes implemented and its impact on the data.

Further, where justification exists, performance targets may be amended to reflect a more realistic figure. As above, where this is the case, the report will include an explanation of the nature of and justification for any changes implemented and its impact on the data.

Summary and Conclusion
The Barossa Council Quarter 2 – 2019/20 Performance & Activity Report is presented for consideration.
